

OVER 70,000 VOTES MONDAY CHANGE POSITION OF LEADERS MISS BEAVER WINS DIAMOND RING

Ten Dollar Gold Piece Awarded to Miss Bentz and Third Prize Put In for Good Measure—Heavy Vote May 27 Filled Big Ballot Box—Misses Emery and McMillen Advance to First Positions in Their Districts.

ADVOCATE PRIZE WINNERS.

- Diamond Ring—Miss Hannah Beaver, Pataskala, O., R. D. No. 3.
- Ten Dollars Gold—Miss Mame Bentz, 65 Seventh st., Newark.
- Five Dollars Gold—Miss Cora Dair, 80 North Pine street.

The high record in the Jamestown contest was broken by Saturday's vote, and the same thing happened on Monday—ONLY MORE SO.

All day long and until late in the evening friends of the contestants poured their ballots into the Advocate office and the big box in which the slips of paper are deposited was completely filled before the day ended. It was a perfect avalanche of votes; they came from all directions, from distant cities and remote states; from every ward and township in Licking county, proving conclusively that the people are taking a deep interest in the selection of 10 young ladies who will take the trip of their lives this summer at the Advocate's expense.

The count shows that exactly 70,990 ballots were voted on May 27, bringing the grand total to 451,490, and the contest has 30 more days to run. It is now just a little more than half over.

The vote of Monday makes some radical changes in the position of the contestants.

Miss Emery takes first position in District No. 1 a position held since the contest opened, by Miss Earle Goff. Miss Martha McMillen by casting over 7000 votes takes first place in District No. 8, a position occupied from the start by Miss Maggie Taylor.

Miss Cora Dair voted 6879 and lessened the distance between herself and Miss Bentz, who remains in the lead, having cast 5454 votes Monday.

In District No. 6 Miss Seward gains nearly 1000 votes. In No. 8 Miss Davis comes close to Miss Taylor by voting 1085, and in No. 8 both Miss Miller and Miss Madden voted "specials" making their relative positions the same.

The high vote of the day was cast for Miss Beaver of No. 10, who by voting 22,160, places herself in the lead in the contest, with Miss Bentz second and Miss Young third.

The vote is much lighter Tuesday, but the friends of the contestants are only resting a bit after the extraordinarily heavy vote of Monday. Special prizes are offered for the biggest

gains this week as is noted elsewhere.

WORD ABOUT THE WINNERS.

Miss Hannah Beaver, who wins the diamond ring is the popular and efficient teacher of the Burnside school in the Central part of Jersey township.

Miss Mame Bentz, winner of the \$10 gold piece is one of the best known and most accommodating clerks in the city. Miss Bentz is at the Stephan store where she is very popular.

Miss Cora Dair, to whom a \$5 gold piece has been awarded, is the daughter of Mr. John Dair and is in charge of the private telephone system at the Wehrle foundry, where Miss Dair has a host of friends.

PRIZE DRESS IN WINDOW.

The window trimmer at the H. H. Griggs company's store has produced a very pleasing effect with the dozen beautiful silk batiste dress patterns, one of which will be given to the Advocate contestant who makes the largest percentage gain this week. The window is attracting much attention.

IN POWERS-MILLER WINDOW.

The Powers-Miller company has one of its large show windows appropriately trimmed for Decoration Day, war relics from Captain James H. Smith and Mr. R. C. Bigbee forming a part of the display. In one of the windows may be seen several of the fine silk parasols, the choice of which will be given by that store to the Advocate contestant who secures the largest vote this week.

DIAMOND RING

Awarded to Miss Hannah Beaver of District No. 10—Miss Beaver and Friends Much Pleased.

Jersey, O., May 28—Miss Hannah Beaver, of Jersey township, teacher of the Burnside school, daughter of Mr. L. M. Beaver and one of the Advocate contestants in District No. 10, was delighted last night when told that she had won the diamond ring offered by the Advocate for securing the largest number of new Daily Advocate paid in advance subscribers. Miss Beaver cast a heavy vote on Monday and now leads in the Jamestown contest. The pretty diamond ring sent by messenger from the Advocate, has just been given to Miss (Concluded on page 8, 4th col.)

WINNERS OF ADVOCATE SPECIAL PRIZES

MISS HANNAH BEAVER.

MISS MAME BENTZ

MISS CORA DAIR.

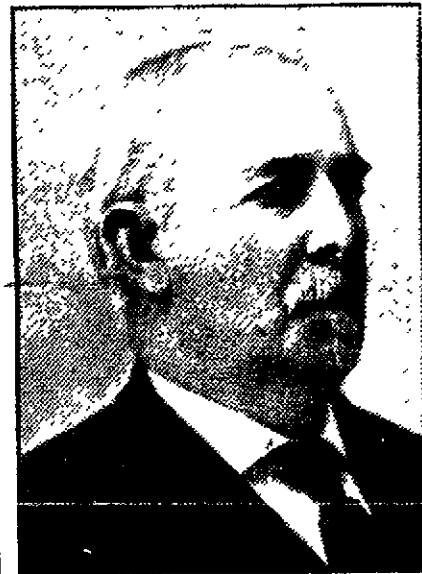

Miss Hannah Beaver of District No. 10, wins the Diamond ring and Miss Mame Bentz of District No. 5, is awarded the \$10 gold piece. For good measure the Advocate has put in a third prize—a \$5 gold piece—which goes to Miss Cora Dair of District No. 5.

On April 27 this paper, in connection with its Jamestown Exposition Contest, announced that a diamond ring would be given to the young woman who secured the largest number of paid-in-advance Daily Advocate subscribers for a period of six months or longer before 4 p. m. May 27, and offered as a second prize a \$10 gold piece. The count shows that exactly 432 new paid in advance subscriptions have been added to the Advocate's list, 297 of which are new Daily subscriptions. Of this number Miss Beaver secured 64, Miss Bentz 32, Miss Dair 26. From this number, the contestants had credits from number seventeen down. The Advocate offered but two prizes but following its practice of doing more than is promised, the paper is pleased to award a third prize, which goes to Miss Cora Dair. Up to the very day before the ring contest ended, the contest was exceedingly close but the enormous vote of Monday, published elsewhere in this paper, settled the ring contest in a decisive way.

NEWARK'S LIVE ONES

This introduces Mr. Washington J. Henderson, who is known by every one at liberty as "Uncle Wash." He is in the plumbing business in the Auditorium building and is the veteran plumber of the city, having started in his present business in 1887.

He is also an expert awning maker and it would do you heart good to

W. J. HENDERSON.

see "Uncle Wash" start out with his little fish pole that he uses for a measuring rod for awnings, and see him land his man.

A "live one" certainly is "Uncle Wash." Just think! Since he landed here in 1872 from measuring lumber for the B. & O. railroad company he has served three terms as a member of the Board of Education, was an officer of the same when he got enough votes, three times cemetery trustee and seven years as trustee for the Auditorium. Guess everybody must have voted for "Our Uncle Wash."

Mr. Henderson is a Knight Templar and a hard worker in everything that comes up for the public interest, and is the youngest old gentleman on this reservation.

The Nagapore had cleared from the river Platte for Kariapara. She left Pensacola March 22 for South American ports.

REMARKABLE RECORD

WINTER WEATHER 1906-07

The cold weather formed ice in Newark early Tuesday morning, May 28, and a number of people who failed to cover flower beds and vegetable gardens, reported the loss of plants. The first snow of the season fell on Oct. 10, 1906, and up to date the last ice was formed May 28, 1907—just 230 days of winter. This is probably a record that will stand for years.

WOMAN KILLED HER MOTHER TRIED TO KILL HER FATHER AND THEN COMMITTED SUICIDE

Chicago, Ill., May 28.—Philomena Swinnen, 30, and unmarried, saot and killed her mother, tried to kill her father and then set fire to her own

clothing and was burned to death this morning. The woman was demented. She was recently released from an insane asylum to keep house for her aged parents.

TO LIBERATE MEN UNDER SENTENCE TO BE EXECUTED

Mexico City, May 28.—Guatemala will not summarily execute the nineteen men in prison, charged with complicity in the alleged attempt made upon the life of President Cabrera. The state department received a note from its representative to the effect that the matter had been sent to the court of second instance for revision. It is believed here that Cabrera will probably instruct the court to acquit.

NO CLUE FOUND AS TO MURDERERS

New York, May 28.—The body of the murdered Armenian priest, Rev. Father Kasper Vartanian, whose body was found in a trunk in a New York tenement, lies in the morgue, positively identified, according to the police, but without clue other than those already provided in the finding of the body. The police believe that robbery was the motive of the crime. Where the murder was committed, how many men were implicated, whether or not a secret society was in any way connected with it, remain questions as yet unsettled.

Strikers Win.

Buffalo, N. Y., May 28.—The strike of inside freight handlers on the docks was finally settled. All the men will return to work at 20 cents an hour, the scale they struck for.

CHICAGO WANTS NEXT CONVENTION OF REPUBLICANS

Chicago, May 28.—A determined effort is to be made to secure the next Republican national convention for Chicago. Last night the city council passed a resolution authorizing Mayor Busse to appoint a committee of seven members to represent the city officials in the matter. This committee will work in conjunction with an association composed of representative citizens, formed last week, the object of which is to secure the convention.

SURPLUS SHOWN FOR FISCAL YEAR

Washington, May 28.—With the end of the fiscal year only six weeks away, the government now shows a surplus for the year of \$62,000,000 as compared with \$1,500,000 at a similar time last year. It is predicted that the surplus will reach \$70,000,000 for the year. The surplus is largely due to increased internal revenue receipts.

UNFAIR MANNER OF SELECTING THE TALESMEN

IN THE TRIAL OF HAYWOOD FOR MURDER AT BOISE, IDAHO.

TRIAL AGAIN INTERRUPTED

And the Sheriff Will Get a Special Venue Under Orders of Judge Wood.

Boise, Idaho, May 28.—Judge Fremont Wood has postponed the Haywood trial until Friday morning, when Sheriff Hodgins is to produce a special venire of 61 men. This latest interruption of the trial was caused by the exhaustion of panel. The work of jury filling is stopped at the vacancy created by the seventh peremptory challenge so that there remain three more peremptory challenges. Beside that there is a chance that Juror Tourtelotte, who objected to the infliction of the death penalty, save in war or anarchy, will be excused when it comes time to finally swear the jury, and Juror A. P. Burns is suffering from lumbago. These circumstances leave the date of the completion of the jury in doubt.

Scruples against capital punishment and prejudice against the acceptance of circumstantial evidence, rather than opinions that gave bias, were the stumbling blocks of the talesmen examined. Man after man averred that he was against taking human life under any circumstances and they all successfully resisted attempts to show that the belief had been recently or conveniently advanced.

Prior to the issuance of the new venire, E. E. Richardson, for the defense, strongly intimated that the previous lists had been made up in a manner unfair to the prisoner. He said that of the 5,000 citizens available for jury duty, fully 1,200 were members of labor unions. One hundred and sixty talesmen had been before the court, yet only one of the number was a member of a labor union and only two others were workmen. He said that there were only fifty or sixty bankers in the county, yet nine of them had been found in the lists. He said that the figures made another singular coincidence and protested against the talesmen being drawn from the farmer and mercantile classes rather than from the main body of citizens Judge Wood, in reply, said that he had absolute confidence in Sheriff Hodgins and said that he would make no suggestion to him as to the manner in which he made up his lists.

SUIT AGAINST WESTERN UNION

Ceyenne, Wyo., May 28.—Ouster proceedings have been filed in the district court by Attorney General Mulan against the Western Union Telegraph company because of its failure to file its articles of incorporation in this state. The company bases its refusal on the ground that it is carrying interstate business, and its establishment in this state preceded the enactment of the law.

Great Britain's Position.

Rome, May 28.—According to the latest reports regarding the negotiations of the subject of the proposition to discuss the question of the limitation of armaments at the coming peace conference at The Hague, Great Britain is ready to withdraw from presenting her proposition if the United States decides to bring up the question, in which case Great Britain would support the American proposition.

Suspect Released.

Chicago, May 28.—John Ermoyan, who was arrested on suspicion of complicity in the murder of Father Kasper, was released after having satisfied the police authorities that he had nothing to do with the murder. Ermoyan, when arrested, was thought to be one of the two Ermoyan brothers who formerly kept a restaurant at 1202 Halsted street. The Ermoyan arrested is a cousin of the brothers.

RUSSIA ON VERGE OF REVOLUTION

St. Petersburg, May 28.—Russia is on the verge of a fresh revolution, owing to the positive refusal of the government to sanction the agrarian program for a compulsory expropriation of land. It is expected the storm will break with greater violence than a year ago. The peasants have only held back because they believed the Douma could secure the land for them. Now there is nothing to restrain them.

PRESIDENT WILL ATTEND FUNERAL OF MRS. MCKINLEY

CANTON FRIENDS AND SCHOOL CHILDREN WILL VIEW THE BODY.

NO STATE CEREMONY

But Both State and Nation Will be Represented at the Obsequies at Canton.

Canton, O., May 28.—The funeral services over the remains of Mrs. William McKinley will be held at the McKinley home Wednesday afternoon at 2 o'clock. Mrs. McKinley's old pastor, Rev. O. W. Holmes, now of Youngstown, will assist Rev. E. O. Buxton, present pastor of the church President and Mrs. McKinley attended, in the ritualistic services of the Methodist church. There will be no funeral oration. That may be pronounced at memorial services which will probably be held next Sunday night at the First Methodist church.

It was determined to change the arrangements for the funeral so as to allow the remains to be viewed by Canton friends of the deceased. The time fixed for this is from 3 to 5 o'clock this afternoon. To show their love for the departed, thousands of school children will be included in the throng that will go through the McKinley home and pass by the bier, while they drop tears of sorrow for the loss of one whose love for children was so deep and tender.

It is not intended that the funeral shall take on the form of a ceremony of state, yet the coming of the president and members of his cabinet, the vice president, the governor of Ohio and many other people of note will make it such in a degree, at least.

The city council made arrangements for a floral piece to be sent to the McKinley home, spread appropriate minutes on the record, decided to attend the funeral and adjourned out of respect to the memory of Mrs. McKinley. The city board of education did likewise. Business will be suspended Wednesday afternoon. Floral tributes in profusion from friends in many states are arriving.

As there is a detachment of United States regular infantry on guard at the McKinley vault in Westlawn cemetery, where the remains of Mrs. McKinley will rest until the national mausoleum is completed, there will be ample guard for the protection of the president while at the tomb. A portion of this detachment can easily be available for service at the McKinley home if such action is thought necessary to insure the safety of the noted guests and keep back the expected crowd of onlookers.

Surgeon General Rixey has given the following account of the passing of Mrs. McKinley: "Mrs. McKinley recognized Secretary Cortelyou and myself on our arrival Friday morning, although she had been in a semi-comatose condition for 24 hours, attended by Drs. Portman and Eymann, her local physicians and friends. Her face brightened, and with one of those sweet smiles for which she was noted, she spoke a few words of welcome and gratitude that we had come to her. After this up to the last she was aroused with difficulty, but seemed to recognize the voices of Justice and Mrs. Day on Saturday morning. She died as a child going to sleep."

Knox Going to Canton.

Pittsburg, May 28.—United States Senator P. C. Knox, who is at his home for a few days, will leave this city Wednesday morning for Canton to attend the funeral of Mrs. McKinley. The senator declined to make any statement relative to the movement to have the Republican state convention next week endorse him for the presidential nomination.

State Officials' Offering.

Columbus, O., May 28.—The state officials, who are to attend the funeral of Mrs. McKinley at Canton on Wednesday, will send a magnificent floral offering, the design being that of an anchor and chain. The piece will be more than four feet in height and will be made largely of carnations and roses.

President Roosevelt will stay in Canton only long enough to attend the funeral of Mrs. McKinley. As soon as it is over he will leave for Indianapolis. The President with Secretaries Root and Wilson, arrives at 12:40. He will be driven directly to the home of Justice Day. At 1:30 he will leave for the funeral to be held at 2 o'clock.

Vice President and Mrs. Fairbanks will also be guests of Justice Day.

For Roosevelt.

Lansing, Mich., May 28.—The state senate passed a resolution demanding that President Roosevelt be re-elected for a second elective term.

T. K. Eckman of Lagrange, a sub-murderer of Chicago, shot and killed Leah Tomy at a Chicago resort and then committed suicide by shooting himself in the temple.

WILL REDUCE WORKING FORCE

Railroads to Release Many Thousands of Men in June.

ALL NEW WORK ABANDONED

Colossal Railway Merger, to Be Known as the Greater Pennsylvania System, Said to Have Been Effectuated—Two-Cent Fare in Illinois and Other Western States.

Chicago, May 28.—Between 50,000 and 100,000 men will be thrown out of employment by the railroads of the country before the end of the first week in June. It has been the custom in the past for the railroads to reduce their payrolls at the beginning of summer, but this year the roads have issued especially stringent economy orders and the working forces will be reduced to the lowest possible point. In addition to the employees in the regular service, many thousands of laborers will be discharged by the railroads, which have abandoned new work and new extensions, owing to the difficulty of raising money.

Upwards of one thousand million dollars of capital is involved in a contemplated combination of railroad interests, fathered by Charles S. Mellen, president of the New York, New Haven & Hartford railroad. This colossal merger, when perfected, will be known as the Greater Pennsylvania system. It will embrace practically all the railroad mileage in New England, together with the present Pennsylvania lines east and west of Pittsburgh, with through connections to New Orleans and Mobile on the gulf. The keystone of the new system will be the Panama canal. The main properties to be merged are: The Pennsylvania railroad, controlling the lines east of Pittsburgh; the Pennsylvania company, controlling the lines west of Pittsburgh; the New York, New Haven & Hartford railroad, controlling nearly all the mileage of New England outside of the Boston & Maine system; the Louisville & Nashville railroad and connecting lines.

TWO CENT FARE IN KANSAS STATE

Topeka, Kan., May 28.—It is announced officially that if the railroads contest the two-cent passenger fare law in Nebraska and the statute is upheld by the courts, the Kansas board of railroad commissioners will be asked to order a reduction of all the passenger fares in the state to two cents a mile on the ground that if the rate is remunerative in Nebraska, it is remunerative in Kansas. If the railroads do not contest the Nebraska law the board will be asked to issue the same order on the ground that the railroads by failing to contest the law tacitly admit that the rate is remunerative.

Two Cents a Mile in Illinois. Springfield, Ill., May 28.—The two-cent passenger fare bill was approved by Governor Deneen. This bill makes a straight two-cent-a-mile limit on all railroads in Illinois.

He Fought at Gettysburg. David Parker of Fayette, N. Y., who lost a foot at Gettysburg, writes Electric Bitters have done me more good than any medicine I ever took. MERIDITH BROS.

HENRY P. ADAMS

Passes Away at the Methodist Home for the Aged in Granville—Notes from Home.

Granville, May 28.—Mr. Moses P. Adams of Zanesville was here for a few days with his father, Mr. Henry P. Adams, who died Thursday morning, after being seriously sick since Tuesday. He was at the breakfast table Tuesday morning, and took a chill about 9 o'clock the same morning from which he never rallied. Mr. Adams was 90 years old last November. The remains were taken to Salem by the son, where they were laid beside his wife. They lived together over 66 years. Mr. Adams was a fine Christian man, and his death will be sincerely mourned. He was gentle and kind, and appreciated all he enjoyed in the home. Rev. Mr. Eason, pastor of the Methodist church, conducted a short service Thursday evening before the remains were taken on the T. and O. C. train to Salem.

Mrs. F. W. Dohrmann of Covington, Ky., who spent the winter here, returned Saturday after spending a month with her son in Covington, Ky. Mr. Joseph Humphrey, who was a soldier in the Civil War, has not been able to be at the table during the past week.

Miss Carrie Butler of Bellefontaine, O., who has been at the home for the past two weeks, has made many friends while here. Her aunt, Mrs.

Miltonberger, has greatly enjoyed her visit, as well as all the rest of the Home family.

Mrs. Alice C. Haydenfeldt of Fort Thomas, Ky., who spent the winter in Globe, Arizona, has been here for the past ten days. Her aunt, Mrs. Share, who has been quite ill for over two months, does not improve very fast.

Rev. Mr. Willis conducted the regular Friday service in the Home, Rev. Mr. Eason being absent in attendance at the Sunday School convention.

Miss Crist of Thornville and Miss Fannie Gray of Jackson town made a pleasant call Friday.

Of Interest to Woodmen.

Local Woodmen of the World will doubtless be pleased with the actions of the Sovereign Camp which adjourned Saturday at Norfolk where they have been in convention for a week. In addition to the action taken by that body towards excluding bartenders, stone workers, and miners from becoming members the sovereign camp has decided to allow the uniform rank \$2.50 for two years and relieve them of all dues and charter taxes. All uniform Woodmen are expected to assemble at Jamestown for ten days, beginning August 19, and while in the Exposition City camp there.

DELIGHTFUL RIDE

Is That Between Newark and Zanesville Over the Interurban—A "Drummer" Praises It.

(Zanesville Signal.)

Anywhere in the United States, the prettiest bit of scenery along an interurban is between Zanesville and Newark!

This is in brief the statement of an entirely disinterested observer—a traveling man who covers a large area of this great country of ours.

"I travel over quite a large extent of the United States," he said, "and I always use the electric in preference to the steam cars, if I can possibly do so."

"I came in to Zanesville yesterday from Columbus. I had expected to stop off at Newark, but I was pleased with the ride and when I got that far I decided to push on to Zanesville and take in Newark later on."

"Well, I'm mighty glad I did. The trip from Newark to Zanesville is glorious—just simply glorious. As I say, I use the interurbans wherever I can, and that scenery along your line here is the prettiest I have seen. "The tunnel? Yes, I noticed the tunnel. That is not unique, but it is attractive, but the setting to the picture—the meadows, the hills, the woodlands, the grain and the grass, and the river, that beautiful little river—well, a man can not care much for nature if he does not sit up and take notice."

Disgraceful Spectacle.

The spectacle of two women and two men under the influence of liquor startled West Church street residents late Saturday night to an extent from which they will not recover for some time to come. The intoxicated quartet are well known residents of Utica and were presumably in the city visiting friends.

One of the women in the party was so overcome that street navigation was to her something impossible to perform. In fact between Third and Fourth streets she was seized with a deadly vertigo which caused her intense illness from which she was forced to seek repose on the soft side of the pavement.

Interested spectators promptly rushed to her assistance and several, more solicitous than the others, sent in hurried calls to their favorite physicians. Among the first to respond was Dr. Rank, who administered the proper restoratives to the unfortunate woman. Soon after the Utica quartet, much abused by the interest they created, departed for destinations unknown.

Different Opinions.

There seems to be a wide diversity of opinion regarding the damage done by the frost on Monday night. While some are of the opinion that considerable damage was done to the tender vegetables others are inclined to the opinion that vegetation will not suffer much. One prominent gardener, however, who resides on Seventh street, says his garden was completely ruined.

Damaged by Frost.

Monday night's frost destroyed many tomato and cucumber plants in and near Newark. Many who covered their plants with paper bags or newspapers, found the frost did its deadly work just the same, but those who covered their plants with straw mulching report that the plants are in good condition. Mr. Carl Welant reports that the heavy frost did no damage to his garden. A Zanesville man says that all early vegetation along the Muskingum river was killed. In Newark the mercury dropped to 28 at 5 a. m. and a thin coat of ice was formed in places.

May 28 In History.

1600—George I. of England born, a comparatively obscure German prince, son of the elector of Hanover, at Osnaburg, died near there 1707, king of England 1714.

1807—Louis Jean Rudolphe Agassiz, naturalist and geologist, born in Motier, Switzerland; died at Cambridge, Mass., Dec. 14, 1873. After a distinguished career in Europe Agassiz came to America on a scientific mission for the king of Prussia and in 1847 accepted a chair established for him in the Lawrence Scientific School at Harvard. In the course of his labors which placed him at the head of scientific research in this country, he arranged the Museum of Comparative Zoology at Cambridge, Mass., and published some notable works. He was the father of the glacial theory and defended the doctrine of the creation as against that of evolution.

1843—Noah Webster, American lexicographer, died, born 1758.

1892—Great suffering in the southwest from floods. Arkansas City inundated and tens of thousands of acres of land in Arkansas, Louisiana and Mississippi submerged.

1902—Total eclipse of the sun.

1904—Matthew Stanley Quay, United States senator from Pennsylvania, died at Beaver, Pa.; born 1833.

In the estimation of the President and of the "stand-patters" it will never do to undertake a revision of the tariff in the face of a Presidential campaign. Last year, when no contest for President was pending, they resolved also that there should be no revision of the tariff. It is evident enough that this work will never be undertaken until congress and the administration are driven to it by an overwhelming public sentiment. Then the Republican politicians, with President Roosevelt and Speaker Cannon at the head of them, will be ready to declare that they were always in favor of tariff reform, and had doubts only of its expediency.

In taking the public into his confidence, the new senator from Wisconsin, Stephenson, has not mentioned how much it took from his huge lumber pile to secure his election over so many able competitors. In this respect he is much more secretive than Guggenheim, the copper captain, who has frankly admitted that he paid the campaign expenses of the members of the Colorado legislature who elected him. The members themselves have also acknowledged that his election was in grateful recognition of his liberal use of his money.

The three Democratic members of the Constitutional Convention of Oklahoma, who have gone to Washington to ascertain what objections President Roosevelt has to proclaiming the admission of the territory as a state, might as well have stayed at home for all the good they can do. One of them vainly remarks that he

HENRY GALBRAITH WARD MADE UNITED STATES CIRCUIT JUDGE.

HENRY GALBRAITH WARD

WASHINGTON, May 28.—President Roosevelt has appointed Henry Galbraith Ward of New York, United States Circuit Judge for the Second Judicial Circuit in place of Judge Wallace (resigned). It is stated in the White House that Mr. Ward had the practically unanimous indorsement of the bench and bar, and was also indorsed by Senators Platt and De-

MAJOR BLOCKSOM WAS EXAMINED BY SEN. FORAKER

Washington, May 28.—Major A. P. Blocksom of the inspector general's department of the army, who made the first investigation of the affray at Brownsville, Tex., for the war department, was called before the senate committee on military affairs. His direct examination was a recital of his inspection of the situation at Fort Brown and a description of the bullet holes in Brownsville houses. On cross-examination, Senator Foraker called the attention of the witness to the testimony of Lieutenant H. C. Leckie of the Twenty-sixth infantry, who said that he had sighted along a groove made by a bullet which struck the Yttria house and the bullet could not have been fired from the barracks. The statement directly controverted the testimony of Major Blocksom, and he said that Lieutenant Leckie must have testified falsely. The other witnesses, whose testimony was doubted by Major Blocksom, are Private Howard, the sentinel on duty at the barracks on the night of the shooting, and Mathias Tomayo, a Mexican, who was occupied at the barracks when the shooting began, both of whom declared that no shots were fired into the town from the barracks.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. "It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25c. at F. D. Hall's drug store.

Water Works Construction.

Here is another sample of how the water works construction people leave our thoroughfares. Monday one of the large wagons of the Newark Warehouse and Storage company got mired at the intersection of Hudson and Locust streets. The wagon had a top-heavy load of glassware from the Everett glass works, and the position was one of great danger, and extreme care had to be used in extricating the wagon. Where this occurred is on one of the main thoroughfares, and where it is gross carelessness to expose our people to danger anywhere. It is preposterous to leave such a much used street in this condition. If these conditions prevail much longer some one will certainly take drastic measures to have these abuses abated.

Mother of Girl Talks.

Pittsburg, May 28.—Edna Wilson, the 17-year-old ballet girl, who was found dead in a bathtub at a Columbus, O. hotel, was the daughter of Mrs. Anna Dearth, a widow of 62, Bertha street, south side. Mrs. Dearth said: "I know that something else was the cause, and I hope and pray that if anybody is to blame they will be brought to justice." Mrs. Wilson said that her daughter-in-law was subject to fainting spells, and believed that she might have been taken with one of them while in the bathtub.

Boeck's Valuables Seized.

New York, May 28.—Seizures of valuable porcelains and papers were made in the office of J. Edward Boeck, who disappeared some days ago, and for whom detectives are searching because of his alleged disposal of several thousand dollars' worth of borrowed jewels. The seizures were made by a representative of the sheriff of New York county on a replevin action brought by Solomon R. Guggenheim, to whom Boeck, it is alleged, owed considerable money.

"There is this to be said in favor of a nagging wife," observes the Cynical Bachelor: "she makes her husband forget all his other troubles."

ATTORNEY GENERAL TO GIVE OPINION

AS TO THE RIGHTS OF TAX INQUISITORS UNDER NEW RULING.

Spanish War Veterans Will Meet at Cedar Point—Live News of the Buckeye State.

Columbus, O., May 28.—The attorney general has been asked to render an opinion as to whether or not the tax inquisitor, under the new ruling of the state supreme court, can be heard in connection with the recent settlement of the delinquent tax case in Cleveland, under which Mayor Tom L. Johnson recovered into the treasury something over \$4,000 back taxes. The opinion of the attorney general, if it is favorable to Tax Inquisitor Mergenthaler, will enable the latter to attack the settlement made between Johnson and the treasurer.

Spanish War Vets at Cedar Point.

Sandusky, O., May 28.—Announcement was made here that Cedar Point, a summer resort near here, will be the scene of the national convention of the United Spanish war veterans Sept. 9, 10 and 11. The change has been made, it is stated, because of the inability of Oklahoma City to fulfill promises made pertaining to arrangements for the convention. President Roosevelt, who will visit Canton to attend the McKinley monument dedication, will be asked to spend a day with the Spanish war veterans here.

Officers of Malmen.

Columbus, O., May 28.—The Ohio State Association of Lettercarriers held its annual meeting here. Cincinnati was selected as the place for the next meeting on May 25, 1908, and the following officers were elected: President, C. C. Tesno, Dayton; vice president, William Stewart, Chillicothe; secretary, Frank J. Roth, Jr., Cincinnati; treasurer, Frank Auth, Toledo; executive board, E. C. Boyer, Cleveland; Isaac Scholes, Springfield, and H. B. Kline, Mansfield.

Horse Backed Off Bridge.

Waverly, O., May 28.—Joseph Vonschultz was instantly killed and George Accord seriously injured when their horse backed the buggy in which they were riding off the west approach to the Scioto river bridge at Omega, O. Before they could get out of the buggy the men were hurled 15 feet to the ground below and crushed by the 1,400 pounds weight of the horse, which was uninjured. Vonschultz was a farmer, 75 years old, and leaves a family.

City Hall Burned.

Cincinnati, O., May 28.—The suburban city of Wyoming lost its fire department by a fire which destroyed the City Hall. All the city records were destroyed, as were the office fixtures of several concerns having offices in the building. Part of the fire apparatus was saved, but because of its incompleteness it leaves the town unprotected. The loss is about \$12,000.

Sentence Commuted.

Columbus, O., May 28.—Governor Harris granted a commutation of sentence to Thomas A. Pressley, a Summit county prisoner, who was sentenced to five years for burglary. His sentence is shortened to 2½ years. Pressley's home is in Cleveland, but he was arrested and convicted at Akron where it was charged he stole an automobile pipe worth \$2.50.

Conspiracy Charged.

Dayton, O., May 28.—Claiming that the defendants, who are the trustees of Gem City castle, Knights of the Mystic Chain, have conspired to abandon the order and appropriate the assets and merge themselves into a lodge of Red Men, six members of the lodge have instituted injunction proceedings to enjoin the proposed procedure.

Well Known River Man.

Cincinnati, May 28.—Captain John Mortidge, known as a steamboat captain from end to end of the Ohio and Mississippi rivers, is dead, after sixty years' active service on the river. During the civil war he served with distinction under Commodore Foote, taking part in many of the river fights about Vicksburg.

Found In the River.

Columbus, O., May 28.—The body of little George Bard, the 6½-year-old son of H. E. Bard, was found in Olentangy river by the police who had been dragging the river. It is probable that the boy fell over the bank into the water while playing with toads, and not being able to swim, drifted down the river.

Used a Shotgun.

Steubenville, O., May 28.—Winfield Witten, a stable hand, because of troubles with his family, whom he had deserted, used a shotgun to blow a hole in his breast in a stable at Smithfield and died instantly.

Shot His Employee.

Van Wert, O., May 28.—George Morrison, farmer, shot and killed Carey Felling, 17, his cousin and trusted employee. In the darkness Morrison mistook Felling for a thief.

Turned on the Gas.

Bellefontaine, O., May 28.—Miss Melissa Steen, a wealthy maiden, suffocated herself with gas. She had grieved over the death of an only sister and had often said she wanted to join her. She stood up with her mouth over a gas jet until she lost consciousness and then fell to the floor.

A Common Mistake.

It's a common thing for people to think, when they feel a trifle depressed or out of sorts, that their stomach is out of order. Perhaps it may be out of order. However, it's much more likely, especially if over 35, that the real trouble is with the kidneys, and the system can soonest be restored to normal condition by taking Lantz's Red Kidney Pillets and cleansing the kidneys.

Tell you why! The kidneys are the scavengers of the body. When in a healthy condition, the kidneys remove about 500 grains of impure and poisonous matter from the blood daily, most of these impurities being passed off through the urine. But, if your kidneys get clogged up, much of the impure matter remains in the blood, and if your stomach isn't strong will create a disturbance there. So, don't dose your stomach. Cleanse your kidneys. Nothing is as good for overworked or sluggish kidneys as Lantz's Red Kidney Pillets.

They cleanse the kidneys and their medicinal action is mild and benign. They also have a sedative effect upon the stomach, and being slightly laxative, their combined action upon the stomach and kidneys will soon put vigor in your step and color in your cheeks.

Cleanse Your Kidneys With Lantz's Red Kidney Pillets.

If you have never used these Pillets, we will gladly give you a two days' trial treatment free.

Strike Situation Acute.

Santiago, Cuba, May 28.—The strike situation in this city has become very much aggravated. There was considerable shooting and at one time a serious outbreak was threatened. The business district of the city is being guarded by five hundred members of the rural guards. Many rifle shots were exchanged with rioters but no one has been reported killed. It is supposed the firing was for the purpose of intimidation. One bullet entered the offices of the Ward line of steamships. Open threats to burn property are being made, and with this approach to anarchy, many citizens of Santiago are arming themselves. They declare the situation to be unbearable. Business is about paralyzed.

PROMISED RAISE IF MEN RETURN

Meadville, Pa., May 28.—The Erie railroad has promised all its old employees that a raise of 30 cents a day will be granted to all strikers who at once return to work. Some of the men are going back.

Some people are so exclusive that they object to even having common sense.

Shot and Killed by Guard.

Chicago, May 28.—Private Gilroy, a prisoner at Fort Sheridan, in attempting to escape was shot and killed by one of a squad of soldiers who had orders to take the man dead or alive. Gilroy, who was at work on the grounds under a guard, in some manner succeeded in extricating one of his legs from his shackle and, unmindful of the heavy shackle on the other leg, ran away from the guard. A squad of five men was sent after the fugitive. Half a mile from the fort Gilroy was driven into a barn and ordered to surrender. He replied by throwing stones from an upper window. A shot was then fired by one of the soldiers and Gilroy fell dead. His relatives are unknown.

Dandelion

unequalled for the cure of dyspepsia and all stomach trouble.

Guaranteed under the Pure Food and Drugs Act, June 30, 1906, Serial No. 3317. It is the work of the stomach to ferment the food and anything that interferes with this process of fermentation may be a cause of dyspepsia. Strictly speaking there are dozens of causes of stomach trouble. The kind and quantity of food taken, worry, mental excitement, nervousness, lack of proper exercise. It takes many forms such as debility (that tired feeling) loss of appetite, pain after eating, acidity, flatulence, vomiting, palpitation, cramps in the stomach.

Dyspepsia is dangerous because it has very marked influence on the bowels, the kidneys and the heart. It should therefore never be neglected. One or two boxes of Dr. Edwards' Compound Dandelion Tablets have cured many severe cases of stomach trouble. If you are a sufferer from this complaint buy today a box of this famous vegetable remedy and enjoy your meals the same as you used to do.

Mansfield, O., May 28.—The first appearance of the Newark Molders in this city this season and their opening engagement with the Tigers at League Park yesterday afternoon was interrupted before it had barely been thought of by the appearance of Boreas and his hoary hosts from the north.

League park would have been suitable for a snowball fight, and although the fleecy flakes came down in only small quantities, there were sufficient to show that it was not the right kind of weather in which to indulge in the national game. This sort of weather is certainly the limit. What are we to expect by the time the fourth of July comes around? It is cold enough to snow and the manner in which the wind has been sweeping over the city shows it is not the kind of weather the fan wants to sit out on the bleachers, while when it warms up it is almost sure to rain. The weather has certainly played havoc with the finances of the local club, and without a doubt with every other club in the league. There will have to be many double headers and there will have to be some big crowds, if the coffers of the base ball treasury are to be replenished for the losses sustained at the present time.

If the weather is not too cold today, the Tigers and the Molders will endeavor to pull off one of the games of the present series. The Tigers have a new pitcher in E. B. Cooper, who worked in the North Texas League last season and received a short trial with Akron a week ago. The Molders are said to be in good shape for their battle with the Tigers, according to Manager Berryhill, but Bob says he will not let his pitchers let themselves out in this sort of weather and may use more than one in a game.

Marion 4, Lancaster 1.
Marion, May 28.—The Links out-batted the Lime Burners but the former's errors were costly, Marion winning 4 to 1. Wilhelm kept the hits well scattered. After the first inning Justus pitched superb ball. The fielding of Ekson, Tate and Humphreys were features. The score: M. 4 1 0 0 0 0 0 0—4 5 3. L. 0 1 0 0 0 0 0 0—1 10 2.
Batteries—Justus and Papp; Wilhelm and Luskey. Umpire—Latham.

Youngstown 11, Sharon 3.
Sharon, May 28.—Erratic support and worse pitching gave Youngstown runs to spare in yesterday's game. While the locals played miserably the Champs played gilt edged ball. Sharon was hitting Smith so freely that he was pulled out in the third and Beatty stopped the clouting. Score: S. 0 1 2 0 0 0 0 0—3 10 7. Y. 4 2 0 2 1 2 0 0—11 9 1.
Batteries—Muldowney and Mattison, Smith, Beatty and Redman, Ostler. Umpires—Bannon and List.

Crops in Russia.
St Petersburg, May 28.—In the central southern wheat district the long continued drought came to an end. The whole Volga territory reports abundant rains and there is promise of fair crops, particularly in the dozen fertile provinces. The rain in the southern district was less plentiful, the Dnieper valley, Podolia and Bessarabia getting only two days of light showers. This is enough to save the spring wheat, but the winter wheat crop is an utter failure and will be practically a dead loss.

DOYLE MAY GET BACK INTO GAME

Catcher Joe Doyle, who was formerly the catcher for the Newark team, is trying to get on in the Central league. Joe was unable to report at Marion this spring because of an injury to his hand, one of his fingers being mashed while a work during the winter.

He will be good news to Joe's many friends, who would like to see him back in the game again on account of his injured hand.

GANNY DAVIS GOES TO B-AVER FALLS

NICK KAHL WAS IN TEARS WHEN HANDED RELEASE

STORY OF LATE AKRON MAN IS PATHETIC IN THE EXTREME

Was Landed by All For His Powers as Fielder and Hitter—Now a "Has Been."

Lauded by all for his wonderful whip, greeted with cheers when he came to bat for his prowess with the willow, heralded as one of the best fielders in the big leagues. This was Nick Kahl of a few years ago.

Dropped from the major to the minors and from there to nowhere; scoffed at by the fans. This is Nick Kahl of today, says the Akron Press.

The career of Nick Kahl the player recently released by Akron, is one which shines with brightness during its early days and is filled with sadness later on.

Cleveland picked him up when he was playing great ball in the bushes. He was taken into the Nap camp, where he continued to shine. He went in and filled Larry's shoes when the big slug was disabled. He filled them honorably, too.

His sticking made him strong. He was stepping into the ball and meeting it hard and regularly.

Two years ago he started to deteriorate. He got slower. His hitting fell off some. He was then shipped down to Columbus, American Association. Here he again started to break into print by his fast work.

One day at Columbus he stepped into a fast inshoot. It caught him squarely on the head. He went down for the count. Since that fatal day he had been almost worthless as a batter. He struck out almost every time at bat while in Lancaster.

Later another and a worse mishap came to him. He made a quick throw of a slow ball one day in an attempt to land a man at first. He heaved hard and a cord snapped in his shoulder. That one throw ended a brilliant career. Columbus put him on the bench.

East, Akron manager, went after him this spring. He thought the big fellow's arm would come back. East thought wrong. Nick even went over to see Bonsetter Reese at Youngstown. He was not helped. He proved a dismal failure here all around.

East was compelled to let him go. When handed his pink envelope, Nick merely said, "Thanks. I know I am no good any more. I did not want to come here, but still I had hopes. Everything is lost now. I guess my happy days as a ball player are over."

There were tears in his eyes as he turned away. He shook hands with his friends and left the city that day. He went with a heavy heart, too.

WON IN 15 INNINGS.

The South Second street team beat the Rutledge Stars on the Veach diamond by the score of 3 to 2 in 15 innings. In the 12th inning it looked as though the Rutledge Stars would score but a fast double play retired the side. The features were the pitching of Havens and Crawford and a one handed catch by Benner. Batteries—South Second street, Havens and Wielyer; Rutledge Stars, Crawford and Shaw. Double play, Benner to Wolverton; Benner unassisted.

"If I give you a dime," remarked the benevolent old gentleman, "what assurance have I that you will not take it off and get intoxicated?" "Sir," exclaimed the weary wayfarer, with a remnant of pride, "do I look like a person who could get intoxicated on a dime?"

Subscriptions to the Carl Schurz memorial fund received by Isaac N. Sellman, treasurer, now amount to \$72,576.01.

When You Take Cold

One way is to pay no attention to it; at least, not until it develops into pneumonia, or bronchitis, or pleurisy. Another way is to ask your doctor about Ayer's Cherry Pectoral. Roy West, one of the young men implicated in the burglary of Seigle's bakery, in the North End, was arrested on a warrant last night by Patrolmen Hager, Burke, Greeley and Lytle. The officers surrounded West's home to prevent his escape as they feared he might break for liberty when he saw the officers.

Before Mayor McCleary, West pleaded guilty to a charge of petit larceny and was sentenced to pay a fine of \$15 and costs and serve 30 days in jail.

West is the man who escaped from a marshal when under arrest at Waverly.

TRAIN RIDERS ASSAULT OFFICER

Railroad Officer Roberts had his troubles last night when B. & O. train No. 3 pulled into the station. Two train riders were plucked from the blind baggage and while enroute to the city prison, one of the men, Charles Day of Pittsburg, took a smash at the officer. Roberts hung onto his man and finally landed him at the city prison. In police court Day was fined \$15 and costs and sent to the county jail. GEN. NELSON A. MILES.

Lieutenant General Nelson Appleton Miles, of the United States army, retired, was born at Westminster, Mass., on August 8, 1839, and volunteered for the United States army in 1861. His advancement was strangely rapid, so much so that when only 25 years old he was a major general of volunteers, commanding a division. He was given a post in the regular army at the close of the Civil war, and made a splendid record against various Indian tribes in the Far West. He was publicly commended for his conduct of the Apache campaigns, which ended in 1886. General Miles represented this country at Queen Victoria's Jubilee in 1897, and also represented the United States army on the battlefield during the Turco-Grecian war. He was the commander of the army during the war with Spain, and was made Lieutenant general June 6, 1900 and was retired on August 8, 1902. His home is now in Washington.

BIG EXPOSITION ASSURED SUCCESS

Norfolk, Va., May 28.—The old adage that a poor beginning often makes a good ending will have fulfillment in the case of the Jamestown Exposition. Had this truly great and magnificent enterprise been worked out according to the early plans it would have been finished in every detail for the opening day of April 26th. As the work progressed feature after feature was added.

It is now a certainty that the 15th of June will see the final touches to the Jamestown Exposition. The grounds will be cleared of debris and building material, all exhibits will be installed, machinery in motion, and amusements in full swing, and the foliage and flowers gorgeous in their rich mantle of summer.

The incompleteness and disorder of the opening weeks will be fully compensated for, and the early visitors will, on his return at this time, behold a transformation he did not deem possible. Under such conditions, with

The attendance is even now increasing daily, and the summer excursion season is confidently expected to assure a great financial success to an enterprise that is in every way worthy of the enthusiasm and support of the great American public.

Watching Developments.
Washington, May 28.—The state department officials are watching with interest developments in Guatemala, where great confusion exists as the result of the recent attack upon the life of President Cabrera. A wild panic appears to have seized upon the government of that country and arrests have been made by the wholesale of persons suspected of complicity in the attempted assassination. Senior Canto, who was for some time Chilean consul general at Guatemala City and who has just been transferred to a similar post in London, called upon Secretary Root and described at length the deplorable condition of affairs in Guatemala.

SURPRISE GIVEN MR. W. D. FULTON ON HIS BIRTHDAY

Attorney W. D. Fulton was pleasantly surprised at his home, 142 West Centre street Monday night by the members of his family, in honor of his 47th birthday anniversary. Mr. Fulton was thinking of some of the events in his 47 years as he wended his way home and he thought he would not mention the fact of his anniversary until today, thinking the other members of his family had forgotten it. He was made to realize that such was not the case when they sat down to dinner and a large cake bearing 47 lighted candles was placed in the center of the table. Then Mr. Fulton was surprised.

The occasion was particularly enjoyable from the fact that Miss Florence Fulton, who has been ill since early in the winter, sat at the family table for the first time since the first of the year. She was carried to the dining room and enjoyed the celebration with the other members of the family.

One of the members of the family remarked that "Winnie" was pretty good on the "blow," but after he had blown out the 47 candles he was nearly exhausted.

The dinner was one of the gems of culinary art put up by Miss Fannie Fairchild. Only the members of the family were seated at the table.

BIBLE TEACHERS MET AT Y. M. C. A.

At the meeting last night at the Y. M. C. A. subject of Sunday school and Bible class teaching was enthusiastically discussed. Representatives from the different Sunday schools besides some young men thinking of Bible teaching were present and it was decided to organize a Normal class. The course of study decided upon was Edwin F. See's course "The Teaching of Bible Classes." This is possibly the best course in existence for this kind of work entering to the study of the boy as well as the principle of the teacher.

Rev. T. A. Croove, J. P. Miller

and A. Ray Evans superintendent of the Y. M. C. A. and Charles Christ Sunday schools, were appointed a committee for the selection of a teacher.

Owing to other church meetings last night several churches were not represented and another meeting has been called for next Monday night at 7:30 in Y. M. C. A. room for the purpose of final organization. All the superintendents and male teachers in the city are urged to be present. Those present last night were very enthusiastic over the value of this class to the Sunday school work in the city.

BOARD OF TRADE MET MONDAY NIGHT

The Board of Trade held a meeting Monday night at the office of the Newark Real Estate and Improvement company, some old business was reviewed and a meeting was set for next Monday evening when some important work will be looked into, and for which a full attendance is desired.

Oceola club will dance Wednesday evening.

AT THE ORPHIUM.

Last night witnessed a complete change of bill at the Orphium, even the illustrated song singer being changed. Hayes and Graham, singing and dancing comedians, have some new jokes and songs which they spring very successfully. Stella Rinehart is a very clever little singer and dancer, and gained a hearty round of applause. The Prairies are to be seen in rifle shooting and lariat throwing, some of the rope work being good, an improvement suggested by some persons being that the cowboy use the rope on his own jaw.

Naida, in her illusion is the best part of the bill and is in fact extremely fascinating. The amount of properties and drops this company carries would do credit to a large spectacular production. Several very clever dances with spot light effects are executed.

Mr. Carl Rayner made his initial appearance as a professional last evening, and his song was well rendered and heartily received by the audience.

JUDGE LOVING INDICTED TUESDAY

Pleads the Unwritten Law in the Assassination of Man, Who He Says Wronged His Daughter.

Livingston, Va., May 28—After examining three witnesses two negro laborers who saw the shooting and Dr. Tunstall, who examined the victim's body, the grand jury today returned an indictment against Judge W. G. Loving charging him with the murder of Theodore Estes. The defendant was arraigned and then indictment read.

Judge Loving faced the court untroubled. He pleads the unwritten law, charging that Estes drugged and wronged his young daughter. Friends of Estes deny the dead man's guilt, and say Loving acted before he was sure of the facts.
